

PERA TILE

tile

PERA TILE

Pera Tile was founded in 2010 in California with the vision that there was more to natural stone than the standard field tiles and mosaics that the designers and home owners could find at every corner. We came out with a design-forward yet affordable stone program complete with tiles, mosaics and trims sourced from different corners of the world.

Since then, we've expanded our portfolio to include porcelain, ceramic, hardscapes, in-house custom fabrication and waterjet capabilities in addition to natural stone.

brixen stone

Brixen is inspired by the charming beauty of dolostone with patterns in a wide range of shades that stand out for their irregular and harmonious surfaces. It comes in Ivory, Sand and Grey, and is available in the sizes 12"x24" field tile, 2"x2" mosaic that covers 12"x12" and surface bullnose trim in 3"x24". The collection is completed by an intriguing 12"x24" listelli mosaic on mesh.

silky stone

Silky Stone achieves limestone effect using digital technology. Inspired by the look and feel of nature combined with the practicality of modern architecture, Silky Stone is the result of a sophisticated balance between essentiality and minimalism. Silky Stone's almost perfect flatness and precise grinding conceals the joints, creating continuity on surfaces using porcelain stoneware.
